

# Share of organic farming in total utilised agricultural area

—▲— Share of area – Data by the Federal Statistical Office\*

—●— Share of area – Data by the Federal Ministry of Food and Agriculture

\* The data of the Federal Statistical Office is collected only every three years and estimated for the missing years since 2012. This method is not applicable for the Länder. At the federal state level, values are only available for the years collected.

Source: Federal Ministry of Food and Agriculture 2024. Federal Statistical Office 2024

\*\* Only limited comparison possible with previous years due to a change to the survey boundaries in Thuringia.
